Please visit the two albums above to get complete details. Devotees living in India can get in touch with the trusts directly as per the details in the brochures. Devotees living in USA or in any other country also can easily take part by following the simple step.

What the organizers in India will do:

Please note that these donations are not Tax Deductible in USA, as you are getting benefits directly in terms of Books, Holy Padukas (**full set of Padukas in a very nice velvet box and not minatures**) and other items which are absolutely priceless. Please note that your sponsorship will not only make your Motherland and the country you reside in to become more prosperous but also will remove all the various problems that we have been facing nowadays.
